D6.1 - Public website and internal communication portal

Public LinkedIn site [1]

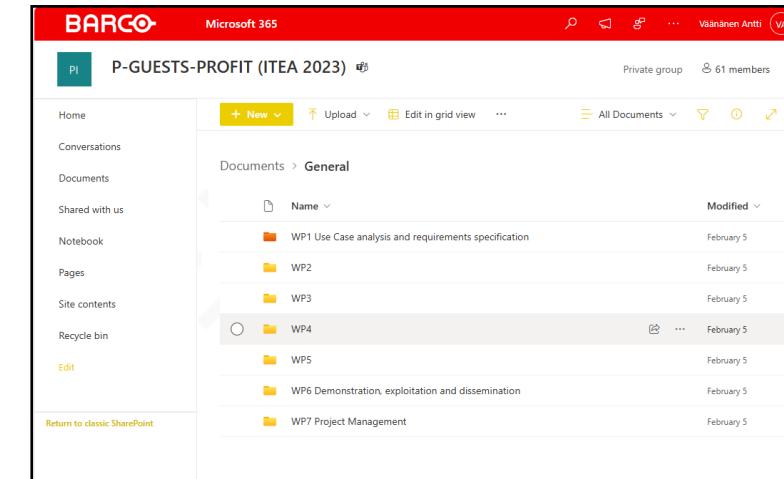

This screenshot shows the LinkedIn group page for 'PROFIT, Procedure Optimisation and data-driver eFficiency Improvement in healthcare environments'. The page features a banner image with a medical theme and the project acronym 'PROFIT'. Below the banner, the group's name and a brief description are displayed. A 'Start a public post' button is visible, along with 'Media' and 'Poll' options. The 'All' tab is selected, showing a post from 'Jouni Kaartinen' about AI in healthcare. The LinkedIn interface includes a sidebar with user profile and group statistics.

Public website [2]

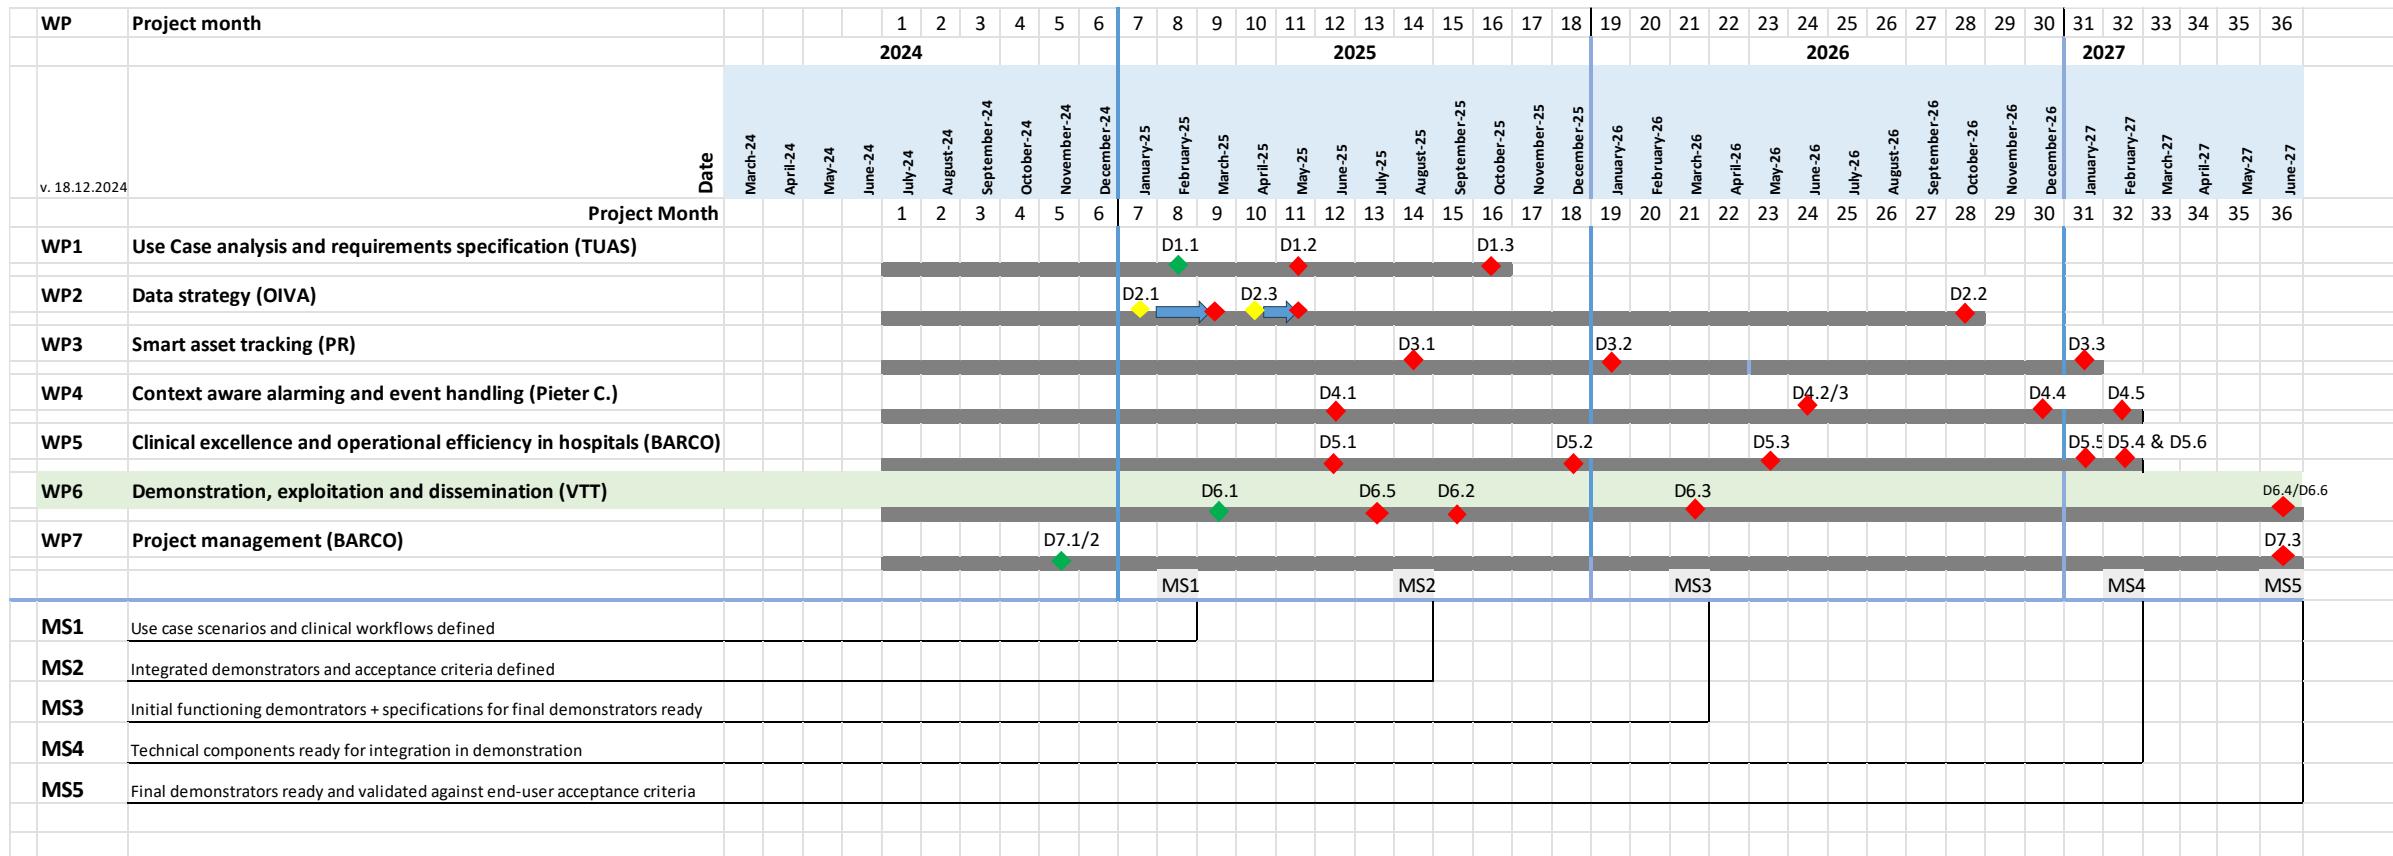

This screenshot shows the 'Project overview / 2021 PROFIT' page on the ITEA4 website. The page features a large banner with the project acronym 'PROFIT' and a description: 'PRocedure Optimization and data-driven eFficiency Improvement in healthcare environments'. Below the banner, key project details are listed: '16 partners', '3 countries', 'ITEA Call 2022', and 'Mar 2024 - Feb 2027'. A 'Project description' section provides a detailed overview of the project's goals and challenges. The ITEA4 logo and a 'PROFIT' mascot are visible in the bottom right corner.

Internal communication portal [3]

This screenshot shows a Microsoft SharePoint site titled 'P-GUESTS-PROFIT (ITEA 2023)'. The page displays a list of project documents, including 'WP1 Use Case analysis and requirements specification', 'WP2', 'WP3', 'WP4', 'WP5', 'WP6 Demonstration, exploitation and dissemination', and 'WP7 Project Management'. The interface includes a sidebar with navigation options like 'Home', 'Conversations', 'Documents', and 'Shared with us'. The SharePoint ribbon at the top indicates it is a 'Private group' with 61 members.
